

THE HOLY ART

FRACTURED MUTANTS

Wednesday, December 15, 2021 to Tuesday, December 21, 2021

Welcome to an abstract world of glowing colours and irregular shapes, distorted visions and psychedelic delight. Enter the world of FRACTURED MUTANTS, a visual painkiller that soothes anxiety and stimulates catharsis. The 33 artworks selected for this virtual exhibition aim to minimise chaos and reduce darkness by inspiring wonder and imagination through balance and colour aesthetics.

FRACTURED MUTANTS is the digital art project of Barcelona-based, Mexico-City-born artist Bob Clapés. It features otherworldly shapes and forms suspended in an infinite gradient landscape of endless possibilities.
